Sir,
I have the honor to acknowledge the receipt of your letter No. 208, dated 25th Ultimo, having reference to the site occupied by the Poor House buildings, and which you state you are anxious to obtain for the new lying in Hospital. I shall be happy to meet your wishes in this respect, but as I am merely Secretary to the Poor House subscribers, and distribute their alms, and superintend the Charity, I do not consider that I can, without obtaining the sanction of the subscribers, give you any decided reply to your letter. I do not however think, consider-

:ing

ing the object you have in view, that any objection will be raised to giving you up the site, and Buildings, on your providing an Equivalent in the shape of land, and like Buildings in another locality. I am not prepared to meet your proposal to remove the buildings, and accept your valuation; nor indeed can I recommend the Subscribers to accept less than an Equivalent, in every respect to [illegible] you give up, but I will circulate th[illegible] correspondence [illegible] the information and votes of th[illegible] co[illegible]cerned, and give you a final [illegible] [illegible]arly as practicable —

To 5 No. 706 of 1850

The Chief Secretary

Dated Vellore Stipend Pay Office
13th August 1850.

Sir

I have the honor to acknowledge the receipt of Minutes of Consultation dated the 24th July 1850 No. 332 returning to me the Petition of the 3rd and 4th Queens of the late Ex King of Kandy in which funeral allowance is solicited for their Mother Seetamah an aged Lady whose death may be ere long expected to take place.—

Herewith returned.

I regret much that my letter of the 20th February last No. 677 was not sufficiently explicit.—On reference to the records of this Office I find that a sum of Rupees 426 was allowed for the funeral expences of Gunpaul Naik the father of the 1st and 2nd Queens who have no surviving issue and that a sum of 473 Rupees was allowed on a similar occasion for the Wife of his son Commarasawmy Naik own brother to the 1st and 2nd Queens. On both these occasions a Military Guard was permitted to accompany the funeral procession.—

I am of opinion that the Mother of the 3rd and 4th Queens who is also the Grand Mother of the late Prince and the two Princesses is entitled to no less degree of Consideration than the parties above named and I would therefore recommend that a sum of Rupees 450 be granted for her funeral expences on her demise and that a Havildar's party be sanctioned as an honorary

Guard

Guard on the occasion.—

The Collector of Madura

Sir,

With reference to my letter of the 8th Ultimo, having reference to the trans=
=fer to you of the site on which the Poor
house buildings &ca are situated, for the
Contemplated Lying in Hospital, I have
now the honor to inform you, that having
circulated Copies of your predecessor's
letter of the 25th February, with my letter
above noted, for the consideration of the
Subscribers to the Poor Fund, and obtain=
=ed their votes on the subject, I am in a
position to state, that I cannot give up
the land to you, save for an equivalent
in every respect - by which, I mean, a
plot of land in the vicinity of the Hos=
=pital, enclosed as the present one now
is, with a wall; with buildings thereon
similar to those now existing on the

Poor

Poor house premises - The Subscribers consent to this arrangement, and if it meets with your approbation, I shall be prepared to vacate the premises in question, so soon as the required equivalent, in land and houses, is ready, for occupation -

The greatly increased rate of labor, and price of Wood, prevents my being able to place a money valuation on our present property, and, although with the consent of the Subscribers, I am willing to give up the property on the conditions abovementioned, I am not prepared to undertake the building of new buildings, being content with those we have -

Sir,

I have the honor to enclose
a decision of Mr. Blackburne[x]
No. 369 dated 4th October 1837 and
based on a panchayet decision
ordering the inhabitants of Cokkulam
and Cannanore in the Taluk of
Tirumangalam to unite in clearing
a channel and building a sluice
by which the water was to be
so regulated that $\frac{2}{5}$ths would flow
into the Cannanore tank and $\frac{3}{5}$th
in

closed in
Rec No. 574

into the Cockulam tank - This order has been for more than 20 years in abeyance, because it is against the interests of the ryots of Cannanore to build a sluice which would give them only $\frac{2}{5}$ of the water, whereas without it they absorb a much greater proportion - I have visited the spot and thinking the proposed distribution of water most fair suggest that the sluice be built by the Engineers department.

Some stones will be found ready on the spot and the Cokkulam villagers
